

Falling Rain

The Outlaws

Treat me like the way you do
You miss me, and I am missing you
Keep me on a thought inside your mind
I'm just out here playing to keep in time

Keep me on baby, be good to me
I've been out here crying so needlessly
Keep me on baby and don't forget me soul

I call you on the phone every day
It seems so much the price you got to pay
Sometimes out there the winning turns to lose
This whiskey here don't seem to cure my blues

That's why I keep sayin' baby
Looks like we're falling rain
Don't forget tomorrow and try to ease the pain

Looks like we're falling rain
Don't forget tomorrow and try, try to ease the pain
Keep me on baby, be good to me
I've been out here crying so needlessly
Looks like, looks like, looks like the sun is never gonna shine
Looks like we're falling, falling rain
