

# Amigo

The Overtones

I've been drifting all day with my feelings on the mend  
You told me not to worry but the trouble never ends  
I said you really know how to be a friend  
I said you really know how to be a friend

Now I can see life changing every single day  
But I don't see no changes in you in any way  
I said you really know how to be a friend  
Yeah you really know how to be a friend

I wanna be good to you  
I want you to be good to me  
Let's start living in harmony (oh oh)  
Life's too tough to fight  
If you ain't no friend of mine  
Come on let's make it right (oh oh)

Cause it's me and you for life  
Never ending sacrifice  
Wherever you go I'll be there  
My amigo till the end  
My amigo (oh oh oh oh)  
My amigo (oh oh oh oh)  
My amigo (oh oh oh oh)  
My amigo

When harder times are raining down and the world is hard to see  
I know you'll give me shelter, you're always there for me  
I said you really know how to be a friend  
Yeah you really know how to be a friend

I wanna be good to you  
I want you to be good to me  
Let's start living in harmony (oh oh)  
Life's too tough to fight  
If you ain't no friend of mine  
Come on let's make it right (oh oh)

Cause it's me and you for life  
Never ending sacrifice  
Wherever you go I'll be there  
My amigo till the end  
My amigo (oh oh oh oh)  
My amigo (oh oh oh oh)  
My amigo (oh oh oh oh)  
My amigo

We can't make it on our own  
We can't make it on our own  
We can't make it on our own  
On our own  
On our own  
We can't make it on our own  
We can't make it on our own  
We can't make it on our own  
On our own  
On our own

Cause it's me and you for life  
Never ending sacrifice

Cause it's me and you for life  
Never ending sacrifice  
Wherever you go I'll be there  
My amigo till the end  
Till the end (oh oh oh oh)  
My amigo (oh oh oh oh)  
My amigo (oh oh oh oh)  
My amigo (oh oh oh oh)  
Till the end
