

Superstar

The Overtones

(Two, three, four)

You got hips like Harlow
Curves like Monroe
You don't see it, you don't believe it
I try to tell you, you got it all going on
But you think I am crazy
Look into the mirror and you see
Baby you can be yourself
Stop wishing you were someone else

You should know
That I don't have to see your name all up in lights
I don't care, cause you shine so bright to me
And I wouldn't change a thing at all
You to me are beautiful
And I love
Yeah I love you as you are
You're my Superstar!
You are, you are, you are, you are

All your heroes
Are all size zero
That life in a magazine
It ain't what it seems
I try to tell you, you light me up
The second you walked in the room
But you don't think you do
Baby you can be yourself
Stop wishing you were someone else

You should know
That I don't have to see your name all up in lights
I don't care, cause you shine so bright to me
And I wouldn't change a thing at all
You to me are beautiful
And I love
Yeah I love you as you are
You're my Superstar!
You are, you are

Most things in life don't come for free
There is always a price you got to pay
So baby don't give your heart away
Your laugh is gold
Why don't you believe it
I love you just the way you are
You're my Superstar!

You should know
That I don't have to see your name all up in lights
I don't care, cause you shine so bright to me
And I wouldn't change a thing at all
You to me are beautiful
And I love
Yeah I love you as you are
And I wouldn't change a thing at all

You to me are beautiful
And I love
Yeah I love you as you are
You're my Superstar!
