

Build

The Pack A.D.

I had a good home
And it was a good home
It treated me so fine
Never let me down
Then it left on
Left me on my own
A mountain by the lake
I build it out of stone
'Cause I don't need it now
'Cause I can build a home

Aw!

Well I had a good friend
And he was a good friend
He treated me so fine
Never let me down
Then you left on
You left me on my own
Mountain by the lake
Where I have realized
That I don't need you now
'Cause I can build a friend

Heh

Well I had a good man
And he was a good man
He treated me so fine
Never let me down
Then he left on
He left me on my own
Mountain by the lake
Where I have realized
That I don't need you now
'Cause I can build a man

Ay!
