

## Cabin

The Pack A.D.

You know it's chilly in the Winter  
And it's chilly in the Fall  
You know it's chilly in the Winter  
And it's chilly in the Fall  
But for me it'll be chilly forever  
If you don't ever love me at all  
Alright

You said that this was over  
But nothin's over 'til I say it is  
You said that this was over  
Maybe we should both just be friends  
I can't do that again  
Whoa no  
I wanna be your lover again  
Alright

Well now, it's gettin' colder  
And it's startin' to snow  
Oh no, it's gettin' colder  
Maybe you should come inside  
Come back to the cabin  
I'll keep you warm by the fire  
Whoa yeah
