

Catch

The Pack A.D.

Catch a fish
On a nail
Lie in those arms again
If you are
Ready for the waves

Catch a snake
By its scales
Lie in those arms again
If you don't
You can say you tried

Catch a cloud
By its shape
Lie in those arms again
If you want
It makes no sense

Catch a cold
Or a flu
Lie in those arms again
If you can
Spread the virus

Catch a day
By its date
Lie in those arms again
If you try
It's half the price

Catch a fly by its wings
Lie in those arms again
If you trip
You can say you cried

Feels like my head is swimmin'
Full of water again
Feels like my head is spinnin'
Goin' around the bend
