

Cellophane

The Pack A.D.

Snakes in links go straight to Mars
All the proof is in my scars
So confused, a joke for sure
To be mused to find a cure

Cellophane in my hand
What's my name, I forget

I'm honest when I'm lying
Oblivious and not conspiring
Saw someone a lot like me
Crying out about misery

Cellophane in my hand (hey, hey, hey!)
What's my name, tell me, I forget (hey, hey!)

Hard to hear with all this noise
Take my word, I'm paranoid
Restless star, oof my stage
He wraps around, wraps, wraps, wraps, wraps, wraps

Cellophane in my hand (hey, hey, hey!)
What's my name, I forget (hey, hey, hey!)
Cellophane in my hand (hey, hey, hey!)
What's my name, tell me, I forget (hey, hey!)

(Hey, hey!
Hey, hey!
Hey, hey!
Hey, hey!
Hey, hey!
Hey, hey!)

Cellophane in my hand (hey, hey, hey!)
What's my name, I forget (hey, hey, hey!)
Cellophane in my hand (hey, hey, hey!)
What's my name, tell me, I forget (hey, hey!)

(Hey, hey!)
