

## Gold Rush

The Pack A.D.

Well I done found my gold  
Now they're comin' after me  
Well I done found my gold  
Now they're comin' after me  
Don't know how to work for it  
And they just won't let me be

Well come on

Well see those rats, baby  
All they doin' is rattin' around  
Well see those rats, baby  
All they doin' is rattin' around  
Ooh, ya know, when those rats come to the door, baby  
You know it's time to

Well come on

Gonna get a one-room shack  
Somethin' the hell away from here  
Gonna get a one-room shack  
Somethin' the hell away from here  
Gonna sit on the floor with that gold, baby  
And rid my life of all I fear

Well come on
