

## Hear Me Out

The Pack A.D.

You were tuned out all along  
Didn't catch a word, you blink and nod  
Say "yeah", but you just stare  
No, you don't care  
No, you aren't there  
You're breakin' up  
I'm gonna hang up

Hear me out  
That's all I want  
Just hear me out  
That's all I want  
Hey hey hey  
Ow

I got a vision, just listen up  
Not binary fission, just a simple plot  
Don't shut me out or interrupt  
There you go again  
You're nodding off  
What's your difficulty?  
A problem hearing me?

Just hear me out  
That's all I want  
Just hear me out  
That's all I want  
Hey hey  
Oh

You're breakin' up  
I'm gonna hang up

Now I've got somethin' for us  
A simple plot, and it's glorious  
So hear me out before you interject  
Or brush me off like an insect  
There you go again  
You know I'm not afraid

Just hear me out  
That's all I want  
Just hear me out  
That's all I want  
Hey hey hey  
Ah oh

You're breakin' up  
I'm gonna hang up
