It's Okay

The Pack A.D.

My head gets things so messed up
No more room for all this stuff
It's only matter
Let it go

It's confusing at the core
Never had this glitch before
Does it even matter?
I don't know

Nothing wrong, just not on today
Not for me to decide anyway
Might as well just say it's okay
It's okay

Wastin' all that precious time
Takes a special state, I find
Mind over matter
An empty quote

Nothing wrong, just not on today
Not for me to decide anyway
Might as well just say it's okay
It's okay

Nothing wrong, just not on today
Not for me to decide anyway
Might as well just say it's okay
Might as well just say it's okay
It's okay
