

Medium

The Pack A.D.

I love this voodoo
Computer heart
Got your picture on a trading card
Drown your witches
Cast your rollin' stones
Take an X-ray
Of my bones

Maybe I'll be reborn
Into some new form
Where I'll be safe and warm
'Cause in the end no one wants to be alone

I'm a medium
By telephone
It's hard to hear you when I'm
Not at home
Kismet swagger
Claim I know it all
Can't protect you
But I can stall

Maybe I'll be reborn
Into some new form
Where I'll be safe and warm
'Cause in the end no one wants to be alone

Psychotic visions
Swim into me
A perfect future
Sweet entropy
Stoic science
Animated dreams
Superstition
Traps me in between

Maybe I'll be reborn
Into some new form
Where I'll be safe and warm
'Cause in the end no one wants to be alone

Maybe I'll be reborn
Into some new form
Where I'll be safe and warm
'Cause in the end no one wants to be alone
