

# Snow

The Pack A.D.

I been waitin' on no one  
I been waitin' oh so long  
The fireman's face is red  
I can't keep him in my head  
I'd like you to help me  
'Cause I'm goin' to bury my dead

Oh now the night is ragin'  
You better be on your guard  
Children, go on back to bed  
But "snow" is all he said  
Come into my backyard  
Where you'll find the graves of my friends

I been waitin' on someone  
I been waitin' oh so long  
Roamin' around like a rollin' stone  
Chew the meat right off the bone  
Why don't you come and get me  
'Cause I'm out here all alone
