

So What

The Pack A.D.

No, not a winner
This time
Play again, play again, and again, and again
Try
Half-empty glass
Full of time
All alone in the dark
Got a stone in my pocket, why?

I've already won
Why would I give it another shot?
Bells are ringing
Tell me you like me
Well I like you too, so what?
So what?

Reach for the stars
Dead light
I'm possessed or depressed
Or maybe just fine
Come as you are
Like a crime
So tired of swinging
I'll stay in the cage this time

I've already won
Why would I give it another shot?
Bells are ringing
Tell me you like me
Well I like you too, so what?
So what?
So what?
So what?
So what?

Ooh-ooh
Promise me you'll stay clear
Ooh-ooh
Promise me you'll stay
Wouldn't want it anyway
'Cause I've

Already won, why would
I give it another shot?
Bells are ringing
Tell me you like me
Well I like you too, so what?
So what?
So what?
So what?
So what?
So what?
