

The Slow Down

The Pack A.D.

These are just words
To fill your pride
To put 'em in notes, oh
Put 'em in notes

Sometimes the only way
To keep an animal alive
Is to destroy
It's better off that way

Even if I
Even if I
Even if I were to die

Animal, you gotta slow down
You gotta slow down, animal

Even if I
Even if I
Even if I were to die
Mmm

Be beautiful forever, animal
It's better off dead, yeah you're
Better off dead

Even if I
Even if I

Can't eat the words to fill your pride
Better die then bury it inside

Even if I
Even if I
Even if I were to die

Even if I
Even if I
Even if I were to die, oh

Even if I
Even if I
Even if I were to die, ooh

Even if I
Even if I
Even if I were to die, oh

Better die, legend
Better die, legend
Better die, legend
Better die, legend
