

The Water

The Pack A.D.

Something so beautiful
Born out of fear
Something so beautiful
Has brought me here
And it's terrible
Down there

Hypnotic criminal
Has me in his grasp
Hypnotic criminal
Savin' me for last
And it's terrible
Down there

Otherworldly phantom's
Pullin' on the reins
Otherworldly phantom
It's hard to stay sane
And it's terrible
Down there

Conversations in my head
Battle me within
Conversations in my head
That I'll always win
And it's terrible
Down there
Ooh

You don't know
The things that he's done
He'll wring your neck
And throw you in the water
You don't know
The plan's come undone
You'll find your last breath
Chokin' on the fire

Stone cold lunacy
Makes me the one
Stone cold lunacy
I've come undone
And it's terrible
Down here

And if we fail, fail
Tell me, what then?
And if we fail, fail
Can we still be friends?
And it's terrible
Down here

You don't know
The things that he's done
He'll wring your neck
And throw you in the water
You don't know

The plan's come undone
You'll find your last breath
Chokin' on the fire

You don't know the things that he's done
He'll wring your neck and throw you in the water
You don't know, the plan's come undone
You'll find your last breath
Chokin' on the fire
