

They Know Me

The Pack A.D.

Every animal is my friend
Every animal is my friend
I've been here before
I've been here before

People are the worst of all
People are the worst of all
I've been here before
I've been here before

I'll never hurt an animal (I'll never hurt an animal)
But if you lay a hand (if you lay a hand)
If you lay a hand (if you lay a hand)...
Every animal is my friend (every animal is my friend)
Every animal is my friend (every animal is my friend)
I've been here before (every animal is my friend)

I've been here before
I've been here before (every animal is my friend)
I've been here before (I've been here before)
I've been here before
