

Alright for Now

The Pains of Being Pure At Heart

Goodnight baby, sleep tight my love
And may God watch over you from above
Tomorrow I'm working what could I do
I'd be lost and lonely if not for you

So close your eyes
We're alright for now

I've spent my life traveling
I've spent my life free
I could not repay all you've done for me

So sleep tight baby
Unfrown your brow
And know I love you
We're alright for now
We're alright for now
