

I Wanna Go All The Way

The Pains of Being Pure At Heart

Don't feel ashamed
Don't feel a doubt
I wanna know your name
I wanna know what you're all about
'Cause when I look into your eyes
There's something there
And all my friends are here
But I don't care
I wanna go all the way
I wanna go out
I wanna stay in
I got a battle with wine
You got a battle with medicine
'Cause when I look into your eyes
There's something there
And all my friends are here
But I don't care
I wanna go all the way
And everyone is telling me
You're so bombed
I should stay away and that you
Just don't belong
But I don't hear a word they say
When you come 'round
And we go down
I wanna go all the way
I wanna go all the way... with you
