

## My Life Is Wrong

### The Pains of Being Pure At Heart

God knows I've tried to live  
But this is all there is  
The power to forgive  
Is all that we can hope for now

You were a meteor  
You were a dinosaur  
You were the two by four  
That cracked me in my head last night

Let me wake up right  
Let me wake up right  
'Cause I know my life is wrong  
I know my life is wrong  
Let me wake up right  
Let me wake up right  
'Cause I know my life is wrong  
I know my life is wrong  
You told me so

Let me wake up right  
Let me wake up right  
'Cause I know my life is wrong  
I know my life is wrong  
Let me wake up right  
Let me wake up right  
'Cause I know my life is wrong  
I know my life is wrong  
You told me so

Daddy, daddy please don't go  
Daddy, daddy please don't go  
Daddy, daddy please don't go  
Daddy, daddy please don't go
