

The One

The Pains of Being Pure At Heart

I think about you all the time
Is that wrong?
Should I forget the better days
And move on?
The one thing on my mind oooh
Why we left this world behind
So come on
You're all I ever wanted all along , all along
You're the one
You're living somewhere far away
And I know
I can't go back to yesterday
Or let go
The one thing on my mind
When i left the world behind
So come on
You're all I ever wanted all along , all along
You're the one
The one thing on my mind
(one thing on my mind)
When I left the world behind
(left the world behind)
So come on, you're all i ever wanted all along
All along
You're the one
Cause you're the one
You're the one
You're not number two or three
You're number one for me
You're the one
