

## By My Side

The Paper Kites

I've got a love, I've got a love for you  
I've got a place in this old heart for you  
And I want to tell you that I want you  
Any way I can

I want to take you in my arms, I do  
I'll light a flame and let it burn for you  
And if I ran then I would run to you  
Every time

(By my side)  
The only place  
(By my side)  
It's where I want to be  
(By my side)  
Forevermore

I want to talk, I want to talk with you  
I want to tell you anything, I do  
And when I go, and when I leave, it's you  
On my mind

I want to vanish in the night with you  
I want to take you round the town, I do  
I'm gonna make some kind of life for you  
Any way I can

(By my side)  
It's where I want to be  
(By my side)  
The only place  
(By my side)  
Forevermore

And I will always try and move you, baby  
Forevermore  
(By my side)  
(By my side)  
Forevermore
