

It's Not Like You

The Paper Kites

It's not like you
To not be around
Cars drivin' by, they
Don't sound the same

Still stay up late
And don't get much sleep
Watch late night movies
I know what you say

It's not like you
It's not like you
It's not like you
But I'll keep trying

Might go downtown
With Charlotte next week
She says that we'll just
Try take it slow

Alive like a fool
And I drink like a man
Meet like a shy boy
She understands

It's not like you
It's not like you
It's not like you
And I'll keep trying

But how we live
How we live
Really live
And I'll keep trying
