

# A Thousand Ships

The Paramedic

No one learns  
From their mistakes  
The pain gives  
As much  
As it takes

So next time you  
Say that love  
Doesn't mean a thing  
I've seen it launch a thousand ships  
And take its aim

This love has launched a  
Thousand ships to shores  
To reclaim  
An adulteress

Bloodstained  
Conviction

Show me that  
I hold more  
In my chest  
Than a dark cavity  
Full of organs  
And cancer

This love  
Has launched a thousand ships to shores  
To reclaim  
An adulteress

Bloodstained  
Conviction

Helen  
(Helen)  
No Helen  
No Helen, now what have you done?  
What have you done?  
(what have you done?)  
Helen  
(Helen)  
No Helen  
No Helen, now what have you done?  
What have you done?

This love  
Has launched a thousand ships
