

# I've Been There

The Paramedic

Time after time  
It always ends the same way  
You wake up and get fucked over  
Same shit, different day  
It seems like everyone has  
Always kicked you to the ground  
But the time has come  
You can't take this sitting down

I know what it's like  
To feel like there's nothing left  
To fight and feel defeated  
With every breath  
I know what it's like  
To feel like there's nothing left  
To fight and fucking feel defeated  
With every breath

You don't have to be on your own anymore

You're not alone  
I know what you're going through  
You're not alone  
I know cause I've been there too (2x)

Don't be so naive  
To think that you're the only one  
Cause I've been trapped in that same place  
With nowhere to run

You're depressed  
I've been there  
You get scared  
I've been there  
You're alone  
I've been there  
She left you  
Oh, I've been there

You don't have to be on your own anymore

You're not alone  
I know what you're going through  
You're not alone  
I know cause I've been there too (2x)

I'm sick of feeling alone

My mistakes and regrets  
Cut me down to the bone  
I'm so fucking sick  
Of feeling like I'm on my own

[Solo]

You're not alone  
I know what you're going through

You're not alone  
I know cause I've been there too (4x)
