

4th of July

The Parlor Mob

Mama I can hear you laughing at me from afar
Like a child I'm waiting for you underneath the stars

On the 4th of July
Tell me can we find the feeling
I wanna feel, I wanna feel forever

Follow me, we need to come together for a while
Love is all we have to give to make each other smile

On the 4th of July
Tell me can we find the feeling
I wanna feel, I wanna feel forever
Tell me can we find the feeling
On the 4th of July

And let me take you so high
Will you lay in the sky
I fade in the stars
We've made it this far
Wherever we are
I wanna be

Tell me can we find the feeling
I wanna feel, I wanna feel forever
On the 4th of July
