

# Hollow Men

The Parlotones

Ho hollow, ho hollow  
Ho hollow, ho hollow

Ho hollow  
We the hollow men  
Feel our rage  
Hear our sage  
This is cactus land  
Oh hollow men

Meaningless whispers through our parylysed tongues  
Shapeless, colourless  
We the hollow men  
Sunlight eyes, voices singing in the wind  
Disguises wearing thin  
We the hollow men

Ho hollow, ho hollow  
Ho hollow, ho hollow

Ho hollow  
We the hollow men  
Feel our rage  
Hear our sage  
This is cactus land  
Oh hollow men

Fading stars  
Faling shadows  
Lips that kiss  
Curse us now we're hollow  
Broken jaws  
A speechless endeavour  
Those sightless eyes  
Somehow see that we ar3e hollow

Ho hollow, ho hollow  
Ho hollow, ho hollow

Ho hollow  
We the hollow men  
Feel our rage  
Hear our sage  
This is cactus land  
Oh hollow men

Oh hollow men, oh hollow men  
Oh hollow men, oh hollow men  
Round and round the prickly pear  
Round and round the prickly pear  
Round and round the prickly pear  
This is how the world ends
