The Partisans

There's Politicians in the U.S.A. there's politicians in Russia
The only thing they got in common, and that's the need for power
But we don't care what happens on the final day
And we don't care if there is no future
All we wanna do is join the likes of you
And form the Partisans to gain some real power
You shouldn't work for their rules or rules enjoy the dole it's
more fun
Just cause some problems and enjoy yourselves
That way you'll never need no guns
We are the Partisans were fighting for our rights fighting for
our freedom
We are The Partisans oppose all wars we are the Partisans so join
in our cause
You are just the kids and your off the streets
You are all the same so face the facts
Just cause some problems and enjoy yourself Until you make an at-
tack.
