

Umbrella Man

The Partridge Family

(Wes Farrell, Jim Cretecos & Mike Appel)

Your world is cloudy, blue skies turned to gray
Raindrops are fallin', but why stop and call it a day?
There'll be no stormy weather as long as you're with me
Our love's so together, Girl, I love ya, you can depend on me

[Chorus:]

I'll be your Umbrella Man, shower you with all my love
Umbrella Man, shelter you in my lovin' arms
Umbrella Man, Heaven help me, child you know I love you
Love You, Love You, Love You

Too many nights of love have come and gone
That's all behind us, girl, I know we can get it on
Well, I want your love to be always close at hand
You're heaven-sent to me, we can make it, girl, I know we can

[Chorus]

[Repeat and fade]
