

Come On In This House

The Paul Butterfield Blues Band

Now there's no need for you Standin' there cryin'
Cause you know your cryin' won't Ease your mind
And I'm beggin' you I'm beggin' you
To come on in this house Yea this ol' house

And when you're here I'll love you
Oh yea yea yea I love you so
And if I had a million dollars
I'd give you every dime
Just to hear you call me daddy One more time

And I'm beggin' you
I'm beggin' you To come on in this house
Yea this ol' house And when you're here
I'll love you oh yea yea yea I love you so

Now come back baby Cuz I'm to blame
I got a woman You got yourself a man
And I'm beggin' you I'm beggin' you
To come on in this house Yea this ol' house
And when you're here I'll love you
oh yea yea yea I love you so
