The Pentangle

Sitting behind the front wheel  
Got my woman beside me too

Hey baby we're going home  
Hey baby we're going home

I don't mind the drizzling rain  
Inside it is warm and dry

Hey baby we're going home  
Hey baby we're going home

Oh faster baby let's go  
Racing through the night

Hey baby we're going home  
Hey baby we're going home

And baby when we get there  
I'll do everything for you

Hey baby we're going home  
Hey baby we're going home

And all I hope  
Get stabbed on somehow way
