

# Born A Dreamer

The Phantoms

I'm dreaming big big things  
Coming from the bottom up  
Time spread my wings  
And take it all the way to the top

Perseverance is my middle name  
You can't stop me now  
Winnin' is my only game  
I'm 'bout show 'em how

Got the fire in my blood  
Got the will in my soul  
The whole world's gonna see it  
Yeah

I was born a dreamer  
Imma prove 'em all wrong  
Show 'em what I got, yea-eah  
I was born a dreamer  
Get ready cause the world's gonna see that  
I was born a dreamer

Ain't taking no for an answer  
Ain't quittin 'till I'm done  
I'll be the last one standing  
I'm goin' out for blood

Overcoming is just what I do  
It's part of my design  
Give me a wall and I'll break on through  
I'll be chillin' on the other side

I got the heart of a lion  
Got my eyes on the prize  
I feel the pain but I'm reaching deeper

I was born a dreamer  
Imma prove 'em all wrong  
Show 'em what I got, yea-eah  
I was born a dreamer  
Get ready cause the world's gonna see that  
I was born a dreamer

I was born a dreamer  
I was born a dreamer  
The whole world's gonna see it  
Yeah

I was born a dreamer  
I was born a dreamer  
I was born a dreamer  
Imma prove 'em all wrong  
Show 'em what I got, yea-eah  
I was born a dreamer  
I was born a dreamer
