

Different Drum

The Phantoms

I walk to the beat of a different drum
Gonna shine brighter than the sun
You know there ain't no other one
Cause I give all or none
I walk to the beat of a different drum

One of a kind, one love aligned
This time, it's time
We live, we fight
We burn so bright
This fire inside

March to the beat of your own drum
It don't matter just where you're from
We're gonna show 'em how it's done
We'll have our way, we'll have our fun
We march to the beat of our own drum

One of a kind, one love aligned
This time, it's time
We live, we fight
We burn so bright
This fire inside

There ain't no other one

One of a kind, one love aligned
This time, it's time
One of a kind, one love aligned
This time, it's time

One of a kind, one love aligned
This time, it's time
We live, we fight
We burn so bright
This fire inside
