

Let's Go, Let's Go

The Phantoms

I was born to be free
I've always been that way
Live my life on my seat
Go on and make my day

It's time to level up
(Oh)
See what's above the cut
(Oh)
You want to try your luck
On your mark, get ready set

Let's go, let's go (yeah, whoo)
We're breaking loose
Let's go, let's go, let's go (yeah, whoo)
Do what we do, oh oh
Let's go, let's go
Let's go

I was married to run
Just something in my soul
They'll be singing my song
All around this grave

Let's go, let's go (yeah, whoo)
We're breaking loose
Let's go, let's go, let's go (yeah, whoo)
Do what we do, oh oh
Let's go

Here we go

Let's start it up, start it up
Let's start it up, start it up, yeah
Let's start it up, start it up
Let's start it up, start it up

Go

(Yeah, whoo)
We're breaking loose
Let's go, let's go, let's go (yeah, whoo)
Do what we do, oh oh
Let's go, let's go
