

Under A Spell

The Phantoms

I'm so lost
I've been hypnotized, yeah
I can't find myself
It feels like

I'm under some kind of spell
Is this some kind of spell?

It's just like it's magic
Oh, but I can't quiet down, oh-oh
It's something fantastic
Into this love I fell

I'm under some kind of spell
Is this some kind of spell?
Oh, yeah
I can lose myself in you
There's nothing I can do
Under that spell, yeah

This is some kind of spell
This is some kind of spell

It's some kind of spell, yeah
Under some kind of spell
It's some kind of spell, yeah
I'm under some kind of spell
