

1000 Years Of Doing Nothing

The Picturebooks

A thousand years of doing nothing
A thousand years of doing nothing
A thousand years that I've overslept
A thousand years that I can't regret

A thousand years were shaped by a liar
A thousand years with a lack of desire
A thousand years were painted in black
A thousand years I'll never give them back

A thousand years of doing nothing
A thousand years of doing nothing
A thousand years that I have overslept
A thousand years that I can't regret

A thousand years on the bathroom floor
A thousand years ain't working here no more
A thousand years like a fool on a hill
A thousand years getting ready to kill

And I keep holding on to
Yes I keep holding on

A thousand years of doing nothing
A thousand years of doing nothing
A thousand years that I have overslept
A thousand years that I can't regret
