

Here's To Magic

The Picturebooks

There's a vision to be seen
In the darkness come to me
There's a reason to stay on course
To light the fuse and rekindle the source

There is magic in these words
Casting spells to the herd
There's a vision towards an end
Send it out - send send send

Now testify
Now testify
Embracing the sound
The need to be alive
Now testify
Now testify
Born with bloodshot eyes
Strangled by dead time

Now testify
Now testify
That we've had enough
We're breaking out tonight
Now testify
Now testify
Yeah

There is magic in these words
Casting spells to the herd
There's a vision towards an end
Send it out - send send send

Now testify
Embracing the sound
The need to stay alive
Now testify
Born with bloodshot eyes
Strangled by dead time

Now testify
That we've had enough
We're breaking out tonight
Now testify
