

# Holy Ghost

## The Picturebooks

Hallelujah!

I get shivers down my spine  
And my knees get weak  
When you walk my way  
I can barely speak  
You move me  
You feel like a holy ghost

I got all of the moves  
And all of the love  
Come here you little angel  
From the heavens above  
You move me  
You feel like a holy ghost

You move me  
You feel like a holy ghost

You got me crying out  
Hallelujah!  
You got me crying out  
Hallelujah!

All eyes on you  
As you walk down the street  
Swinging your hips  
Like you're playing a beat  
You move me  
You feel like a holy ghost

I feel the whole earth move  
Like a jello mold  
Come one over here, baby  
And come in from the cold  
You move me  
You feel like a holy ghost

You move me  
You feel like a holy ghost

You got me crying out  
Hallelujah!  
You got me crying out  
Hallelujah!

You got me crying out  
Hallelujah!  
You got me crying out  
Hallelujah!

Oh, the devil inside me  
Needs to be released  
Come and save my soul  
And put me at peace  
You move me  
You feel like a holy ghost

You got me crying out  
Hallelujah!  
You got me crying out  
Hallelujah!

You got me crying out  
Hallelujah!  
You got me crying out  
Hallelujah!

You move me...  
(Hallelujah!...)
