

Multidimensional Violence

The Picturebooks

I banish beings into eternal night
As I travel with the speed of might
Delving deeper into a bottomless hole
With every bite, I curse their souls

Burning bridges and empires ablaze
Forever lost in a fiery maze
Bloody tears rain from cosmic eyes
No longer covered by this veil of lies

Multidimensional violence
Multidimensional violence
Multidimensional violence
Upon all planes of existence

Supernatural disaster strike
Mother earth's head on a spike
Infected corpse wound juices ooze
Black viscose veins transfuse

Crushed under wheels of endless pain
Another link in the collective chain
Bloody tears rain from cosmic eyes
No longer covered by this veil of lies
