

# Rachel

The Pietasters

when I found you I wish I had noticed  
when I talked to you on my telephone  
when I heard that you were down  
everything in my life started spinning around  
everyday that we're not together time passes like it  
lasts forever  
I can't stop dreaming about you

Rachel look where you got me  
Hold on, and see what I see  
My god, you've got me climbing trees

when I found you I wish I had noticed  
when I talked to you on my telephone  
when I heard that you were down  
everything in my life started spinning around

Girl- look how much i love you  
never again, would i, want to live without you  
everyday that we're not together time passes like it  
lasts forever  
I can't stop dreaming about you

Rachel look where you got me  
Hold on, and see what I see  
My god, you've got me climbing trees

When I'm not standing beside you  
Never worry bout things that i do  
Rachel baby won't you listen, please
