

## Enemy Lines

### The Pigeon Detectives

Oh no, I see we're falling apart  
A fix, Spinneys return to the start  
I know, it seems we're stuck in a mud  
I swear, I'd leave if only I could

If you wanted to go  
Wanted to go  
Then you'd go

No need for repetition  
'Cause I'm following now  
I don't need sound or vision  
If I'm following now

Come on, I know you're stalling through time  
You turn, your cheek to prove that you're mine

If you wanted to know  
Wanted to know  
Then you'd know  
If you wanted to go  
Wanted to go  
Then you'd go

No need for repetition  
'Cause I'm following now  
You thrive on this attrition  
So I'm following now  
No need for repetition  
'Cause I'm following now  
I don't need sound or vision  
'Cause I'm following now

Over the top, into enemy lines  
Over the top, into enemy lines  
Over the top, into enemy lines

No need for repetition  
'Cause I'm following now  
You thrive on this attrition  
So I'm following now  
No need for repetition  
'Cause I'm following now  
You thrive on this attrition  
So I'm following now
