

# I Don't Mind

## The Pigeon Detectives

You thought it's only cool to say we met at see  
But that was long ago, so we ceased to meet  
And now you're on your way and yeah, you get confused  
I give you one more day before you start to lose it

We're gonna have to go, I think they found us out  
We're gonna have to go, I think they found us out

I don't mind the way you talk about me  
I don't mind the way you talk about me  
I don't mind if you don't mind

I've never be concerned about the things I hear  
As hard as you may try you'll never get to know  
You need to change your style, yeah, that looks good on you  
I give a count to three before you start to lose it

We're gonna have to go, I think they found us out  
We're gonna have to go, I think they found us out

I don't mind the way you talk about me  
I don't mind the way you talk about me  
I don't mind if you don't mind  
I don't mind the way you talk about me  
I don't mind the way you talk about me  
I don't mind if you don't mind

We're gonna have to go, I think they found us out  
We're gonna have to go, I think they found us out

I don't mind the way you talk about me  
I don't mind the way you talk about me  
I don't mind the way you talk about me  
I don't mind the way you talk about me  
I don't mind if you don't mind  
I don't mind if you don't mind
