The Pigeon Detectives

Just doing it for the kicks
I'm just tryna be better than this
It's always a night to remember
When she gets the postcards, I said I sent her
Always I'm covered in bruises
If I fuck this up, then everyone loses
Always I'll try to defend her
I go too far, just can't remember

Oh no, our love has changed
Oh no, our love has changed
But someday I'll be fine
Oh no, our love has changed
Oh no, our love has changed
But someday I'll be fine

Just doing it for the kicks
Another five o'clock of your morning fix
It's always a night to remember
When she gets the postcards, I said I sent her
Always I'm at your door
And I'm always wanting more
I'm just stealing a kiss
It's better like this
Stops us from getting bored

Oh no, our love has changed
Oh no, our love has changed
But someday I'll be fine
Oh no, our love has changed
Oh no, our love has changed
But someday I'll be fine

Just doing it for the kicks
I'm just tryna be better than this
It's always a night to remember
She gets the postcards, I said I sent her

Oh no, our love has changed
Oh no, our love has changed
Oh no, our love has changed
Oh no, our love has changed
Oh no
