

## She Wants Me

### The Pigeon Detectives

I don't wanna do anything like you  
You got me boxed in a corner  
I can't get out of here

I don't wanna play anybody's fool  
But I'm boxed in a corner  
I can't get out of here

I know what you're gonna say  
How much am I gonna take?  
She wants me out of the way

I know what you're gonna say  
How much am I gonna take?  
She wants me out of the way

What did she expect to get from me?  
Before we start it is over then I fall asleep

I don't wanna play anybody's fool  
But I'm boxed in a corner  
I can't get out of here

I know what you're gonna say  
How much am I gonna take?  
She wants me out of the way

I know what you're gonna say  
How much am I gonna take?  
She wants me out of the way

I don't wanna do anything like you  
But I'm boxed in a corner  
I can't get out of here

I know what you're gonna say  
How much am I gonna take?  
She wants me out of the way

I know what you're gonna say  
How much am I gonna take?  
She wants me out of the way

I know what you're gonna say  
How much am I gonna take?  
She wants me out of the way
