

Sounding The Alarm

The Pigeon Detectives

I can't help it
I can't stay the course with you
Oh oh oh
Gimme something
Tell me I belong to you
Oh oh oh

All along all along all along
You sounding the alarm
All along all along all along

Always talk tight
Imitate your every move
Oh oh oh
Always something
I can't make it up to you

All along all along all along
You sounding the alarm
All along all along all along

All along all along all along
You sounding the alarm
All along all along all along

Every where that you go
Every time that you see
Every where that you do
Every time that you see

All along all along all along
You sounding the alarm
All along all along all along

I can't help it
I can't stay because of you
Oh oh oh
Gimme something
Tell me I belong to you
Oh oh oh

All along all along all along
You sounding the alarm
All along all along all along

All along all along all along
You sounding the alarm
All along all along all along
