

Unforgettable

The Pigeon Detectives

You, you don't come around anymore
And though you're not going away
I still think about you

But when you say that we won't make it
I'm gonna be the one who has to save it
You, you don't go around anymore

When I was lying next to you
It was unforgettable
Then you call my name, you call my name

When I was lying next to you
It was unforgettable
Then you call my name, you call my name

You, you're always messing around
You leave me standing here in the cold
And I can't do without it

Oh, when you say that we won't make it
I know you'll be the one who tries to save it
You are always messing around

When I was lying next to you
It was unforgettable
You call my name, you call my name

When I was lying next to you
It was unforgettable
Then you call my name, you call my name
