

Come Down

The Pillows

Come down with love sickness Come down with young displays Come down with many happiness

Come down with big greediness Come down with old disgrace Come down with one loneliness

We are busy as a bee Do we have time to catch the last train? Now is the time to run away I heard someone knock on the door loud

Come down with big greediness Come down with old disgrace Come down with one loneliness

We are busy as a bee Do we have time to catch the last train? Now is the time to run away I heard someone knock on the door loud
