

## Nightmare

## The Pillows

Good night  
Sleep tight, baby  
I cling to your side  
I will kiss your cheek  
So you have nothing  
to worry about  
Good night  
Sweet dreams, baby

Come closer to me  
I will hold you tight  
So you have nothing  
to worry about  
However,  
She spit as who should say  
'Oh, silly! Don't bother me'  
'I'm all right by myself  
Don't you know that much?'  
Nightmare is great fun
