

## Sad Fad Love

### The Pillows

She's smiling.  
Though she seems lonely for some reason.  
I worry about that.  
Is that because I'm in love?

That song was heard.  
Then I remember her.  
She has a beautiful lip.  
And that looks like a doll.

But I know  
But I know  
I know that it's unrelated.

She's crying.  
So I spoke to her gently.  
She just says 'It's OK.'  
She doesn't open her heart.

I understand.  
There is someone in her heart.  
So I'm not supposed to fall in love for her.

I know  
I know  
I know that it's unrelated.

So I know  
So I know  
I know that it's unrelated.
