

Vain Dog (In Rain Drop)

The Pillows

You still haven't touched The image remaining there A dog that
looks like me barks At the procession headed for Golgotha hill

Shining, covered with wounds vain dog in rain drop I want to ra
in on this night when you aren't there vain dog in rain drop

A beautiful star quietly burns out I saw it disappear I've been
deserted, my passion Has been run over by the prophet's bulldo
zer

I know the day when it'll all crumble vain dog in rain drop I w
ant to rain on this dawnless night vain dog in rain drop

Shining, covered with wounds vain dog in rain drop I want to ra
in on this night when you aren't there vain dog in rain drop
