

## Demons

The Pineapple Thief

It was only supposed to be a short term thing  
But the further we got, the deeper we dug in  
Now I've let it crawl deep under my skin  
Yeah, it was only supposed to be a short term thing

'Cause I got demons  
Yeah, you should know  
You put them in me  
And I will not let them go  
Yeah, I've got demons

It was only supposed to be a short term thing  
Just a matter of time before it all caved in

'Cause I got demons  
Yeah, you should know  
You put them in me  
And I will not let them go  
Yeah, I've got demons  
Yeah, you should know  
You put them in me  
And I will not let them go  
Yeah, I've got demons

Yeah, I've got demons  
Yeah, you should know  
You put them in me  
I guess I knew this  
All along  
I hurt you

Yeah, I've got demons  
Yeah, I've got demons  
Yeah, I've got demons  
Yeah, I've got demons  
Yeah, I've got demons

It was only supposed to be a short term thing
